Churu: Positive cases of corona infection are increasing continuously in the country and region. In Churu, the panic of this virus has become so common among the people that Mukesh Swamy, the watchman of Kandoi Sadan, committed suicide by hanging on the noose on suspicion of corona infection at the Churu district headquarters. The medical department team sent its samples to Bikaner PBM Hospital immediately, the report of which is corona negative. After coming to Corona Negative, the district administration breathed a sigh of relief.

In the case, Deputy Leader of Opposition in the Assembly Rajendra Rathore said that it is a very painful incident that a young man from my own constituency ended his life by saying that he had become corona. After giving information, the body was kept in deep fridge yesterday after several hours. Samples were sent to Bikaner for investigation, saying that this incident is indicating to us that people are getting scared due to Corona virus.

Rathore pleaded with the people that there is no need to fear Corona. Corona is not a disease that kills humans. He said that medical department officials should be careful and alert for this so that such fear does not arise in people. In this case, Dr. Manoj Sharma, a doctor of Government DB Hospital, said that immediately after receiving the information, corona samples of the deceased were taken and sent to PBM Hospital in Bikaner, whose investigation report came negative.
